33 south to 22 west to 476 south to 95 south. Follow 95 south into Baltimore, take exit 56 which is the last exit before the tunnel. Follow exit 56 to the stop light and make a left onto Keith Ave. Take Keith Ave to VAIL street, which is the 3<sup>rd</sup> traffic light, and make a right. (there is a street you come up to before Vail called New Vail, you do not want that one. You want the next street called VAIL) Follow Vail and it will curve to the right into check in kiosks. The first kiosk you can drive through without doing anything. The second kiosk you will get a ticket voucher, which you will need to exit the rail yard. Once you pull through the second kiosk you will turn to the right and a quick right again into a staging area and drop your trailer along the fence which borders the kiosks that you just came through.
