

MDTAS 1709

Middletown Airport

161 Airport Drive

Middletown, PA 17057

33 south to 22 west to 78 west to 81 south to 83 south to 283 south. Take exit 1A for 283 east/ HBG International Airport/ Lancaster. Follow 283 east for exit stating Airport Rd/ HBG International Airport. Stay in the left lane of the exit following sign for Harrisburg International Airport. Keep following signs for the airport. Once you start going around a bend for 45mph stay in the right lane for terminal deliveries, this becomes a ramp which towards the end the ramp will split, stay to the right, again following signs for terminal deliveries. This is Airport Rd, follow for approximately 1 mile and there will be a sign that states Cargo American, FedEx, UPS, and Olmsted Dr., which will be a blue sign. Turn right here onto Olmsted Dr. and follow for a short distance and make your first right onto Third St. which will put you into the yard where you need to be. Just to the left there is a chain link fence with a security guard and from what I have been told from other drivers he will come and direct you on what to do.

When leaving, make a left onto Airport Rd and follow signs directing you back to 283.
