

RUTPA 1716

5050 Paxton Street

Harrisburg, PA 17111

(717) 370-0609

33 south to 22 west to 78 west to 81 south to 83 south take exit 47 for rt. 322 east/ Paxton St. Take the 3rd exit for 322 east. 322 east to the first exit Penhar Dr. At the end of the ramp make a right turn at the stop sign for Penhar Dr. Immediately get into the left lane and at the stop sign you see a business directly across from you called Paxton truck and trailer repair, just to the left of their driveway is a road which will have a sign with the letter "A" on it. That is the road you want to drive down for the Rail Yard, it is a long road which will lead directly into the rail yard. Drive up to the building, the left two lanes are for inbound loads and the far right lane is for bobtail/ tractor only entrance, which will have a little kiosk that you will have to enter in driver ID information to enter.

If this is your first time there you will need to go into the office and register with the railyard!!

***IF YOU ARE HAULING A CONTAINER WHICH WILL BE ON A CHASSIS, THERE WILL BE FOUR LOCKS FOR THE CONTAINER TO STAY CONNECTED TO THE CHASSIS. THEY ARE LOCATED ONE ON EACH CORNER OF THE BOX WHERE THE CHASSIS MEETS THE CONTAINER. YOU WILL NEED TO APPLY ZIP TIES TO THESE LOCKS. IF YOU ARE UNSURE OF WHAT I AM EXPLAINING PLEASE ASK SOMEONE FOR ADVICE. ***
